Morzine also has a real beer scene up and coming with a number of micro breweries and local ales to sample. The most common of these is Mutzig which you should find served along with other local beers and great food at The Bec Jaune. For a back home pub feel though, you can check out the Rhodas bar & the Sherpa bar for a late night pint and some live music.

## CLASSES & WORKSHOPS

There will be freestyle most evenings with classes and a farewell party night. The dancing is suitable for dancers with some experience through to advanced dancers (we recommend that complete beginners take a few classes before joining the holiday). All of our Jive events are gender balanced. We believe that gender balancing is an important feature of our events as it ensures maximum enjoyment for everyone. By nature, Jive requires a male lead and to create a successful event it is important for both men and women to have equal workshop and freestyle opportunities. We work incredibly hard to ensure a successful gender balance. Sometimes not everyone turns up to the classes or freestyles but we know how important the gender balance is and it is top of our priorities.

## CUISNE

Food is a great part of life in the French Alps, and with all those outdoor pursuits to try you can rest assured it is all very hearty! Local specialities are often cheese or cream based (sometimes both...) featuring local meats, potatoes and with a token green salad. The food in the Alps is often accused of being unadventurous and 'lardy' but there are plenty of delicious regional dishes besides the good old fondue. The emphasis is very much on fresh local produce and so cured and seasoned meats will have come from cattle grazed on Alpine pastures, the local cheeses of Abondance and Beaufort will be prevalent and, although there isn't a coastline in sight, there is still a regional fish dish! The féra is caught in nearby Lake Geneva and is a popular dish served in many restaurants, alongside other lake fish such as Omble Chevalier (char), truite (trout), brochet (pike) and perche (perch).
